Refer to the reverse side for additional details about the programme.

The programme will include...

- **Understanding Neurodiversity and Disabilities:** Contextualising the challenges and needs of neurodivergent and disabled learners in the education system.
- **UCAS Application Support:** Guidance on navigating the UCAS application process tailored to neurodivergent and disabled learners.
- **Funding Support:** Detailed explanation of financial assistance available through schemes such as Disabled Students' Allowances (DSA).
- **Transition Experience:** Insights into the journey from school or college to Higher Education (HE), highlighting key differences and adjustments.
- **Support Mechanisms:** Discussion on reasonable adjustments, universal design, and other support structures available within HE.
- **Assistive Technology Demonstration:** Practical demonstration of assistive technologies aimed at enhancing learning experiences for neurodivergent and disabled students.
- **Networking and Continued Support:** Opportunities for attendees to connect, share experiences, and establish a network for ongoing support and collaboration.

This event is suitable for...

- Special Educational Needs Coordinators (SENCOs)
- Sixth Form Teams (including tutors)
- Careers Professionals within Sixth Form/Colleges
- Relevant charities and organisations
- School Governors
